

Rhode Island Veterans Home

The Rhode Island Veterans Home (RIVH) provides nursing and domiciliary care to eligible wartime veterans. Social, medical, nursing, and rehabilitative services are available to improve a veteran's physical, emotional, and economic well-being. Services include medical, dental, x-ray, and pharmacy services. Access to activities on and off site, a barber shop, gift shop, bank, and transportation to and from the Providence VA Medical Center and its affiliated clinics in Providence are also available.

Eligible veterans pay an assessment based on a percentage of their income for their housing and care. RIVH is not a Medicaid facility. A spend-down of financial assets is not needed to qualify. RIVH receives additional funding from the state and the U.S. Department of Veterans Affairs.

How to receive services?

Interested veterans or family members of veterans may contact the RIVH for an application and/or schedule a tour by calling **401-253-8000**

Related service

The U.S. Department of Veterans Affairs contracts with community nursing homes to care for veterans.
